### WHY PEOPLE LOVE THE LAGOON 440

A simple glance at the boat is enough to notice its main distinguishing characteristic: a rigid bimini, with an integral helm station. The helm station is surrounded by all the sail control lines, reefing included, so that one person can easily handle all the maneuvers. The galley features a large serving shelf extended towards the cockpit, a countertop surface worthy of one found in a house, and storage everywhere, including a big cookware locker. While the layout remains classic, the salon presents a space and shape studied carefully to associate practicality with ergonomics: the seats are more comfortable, access and movement is easy.
